APATHY TOWARDS THE DIET

There is something peculiar about the present attitude of Parliament, an aspect of our parliamentary politics which has been brought into sharp relief by the 59th Diet. Previously we were unable to get a session from another for the last few days...

ROCKEFELLERS

It is interesting to note about the concentration of great wealth that the Rockefeller family has distributed its beneficial effects without doubt to the way in which the Rockefeller family has distributed its great wealth. It was not so many years ago that the Rockefeller family was known for their much-rumored articles in which they were criticized for their wealth...

Gleanings

Baron Shidehara is not yet with his usual indifference to the political leaders; last and not least, the despising vagaries that seem to have characterized his behavior in the "buying over" of the Diet members...

Why Such Secrecy?

Things talked about most are not always as important as they seem. Throughout Baron K. Shidehara's impressive speech in the House of Peers, no mention was made about the Sino-Japanese tariff agreement while in fact it undoubtedly is the pivotal point in our negotiations with China...

H. G. WELLS, JOURNALIST

The Way The World Is Going By H. G. Wells, Journalist, and Company, \$2.50.

This is a volume containing reports of articles, many of which have appeared in the London Times, and also Mr. Wells's lectures on the "Future of the World," which were given at the University of London in 1918, 1919, and 1920. The book is a collection of his best work...
